Departing just in time for the October 2018 debut of **Kenya Airways'** first-ever nonstop flight between Nairobi and New York, **Classic Escapes** is bringing travelers on a safari in Kenya.

With a guaranteed departure date of Nov. 1, 2018, the *12-Day Kenya: The Original Safari Destination* itinerary will explore the places that gave birth to the term safari. The itinerary includes visits to Nairobi, Samburu Reserve, Buffalo Springs Reserve, Ol Pejeta Conservancy, Lake Nakuru National Park, and the Maasai Mara. Guests will come face-to-face with lions, elephants, hippos, zebras, giraffes, and more, while learning from environmentalists who have devoted their lives to rescuing orphaned animals to the nomadic tribes who have roamed the land for centuries.

Pricing for this Kenya trip begins at \$4,295 pp dbl, including superior accommodations throughout the trip; all meals on safari; round-trip airport transfers in Nairobi; wildlife viewing by minibus driven by a naturalist driver/guide with guaranteed window seat; all park entry fees; applicable hotel/lodge taxes; and complimentary emergency evacuation insurance. While the November trip is the only guaranteed departure, additional dates can be added upon requests, and additional departures are planned for 2019.
