CroisiEurope now an OASIS supplier

Agent network can now book CroisiEurope's river, canal and coastal cruises through the network

CroisiEurope has announced that the company is now a preferred supplier of OASIS Travel Network, a division of Palm Coast Travel. Through this partnership, OASIS' 600+ independent contractors members will receive top commission status on CroisiEurope's extensive catalog of river, canal and coastal cruises in Europe, Asia, Russia, South America and – coming this December – an African cruise-and-land safari.

Over the course of 2017, CroisiEurope will add a total of five ships to the fleet. These will include the MS Miguel Torga on the Douro River; the MS Symphonie II and MS France Douce II both on the Rhine & Danube Rivers; the MS Indochine II on the Mekong, and at the end of the year, CroisiEurope will unveil its first ship on Africa's Chobe and Zambezi Rivers, the African Dream. The 9-day itinerary in Africa will be a combined land-and-water itinerary, giving guests three nights on board the African Dream, a three-night stay in the company's first ever ground accommodations, plus time in Johannesburg and an overnight excursion to Victoria Falls.

CroisiEurope's cruise itineraries are available to OASIS members through their intranet site and on Freedom, OASIS' proprietary technology platform.
