Is Extraordinary Journeys Africa the Right Luxury Safari Company for You (or Not)?

The answer is probably **yes** if:

- You are a seasoned traveler with definite tastes, and you want a voice in every aspect of your tour, including scheduling, accommodations, and activities
- You want to go beyond the cookie-cutter safari tours and create the African adventure of your dreams
- You will welcome the input of African luxury travel specialists who are always available for your vacation planning questions
- You prefer an active, hands-on style of travel, with frequent movement and activities

The answer is probably **no** if:

- You are new to African travel, and would want a "greatest hits" packaged tour or safari
- You don't want to spend any time consulting with an African travel expert, and would rather just get a ready-made itinerary
- You like meeting new people on package tour groups and traveling with them
- You'd rather fly to Africa, get to a luxury wilderness camp and stay there, with as little moving around as possible
- Your budget may be high, but with no flexibility
