

## Book a Stay at a Castle Hotel

Luxurious accommodations fit for a king

Written by [Rachel Barber](#)

### Castello di Compiano *Parma, Italy*

This magnificent Italian castle is home to three different museums—the Masonic Museum, Food and Wine Museum and the Marchioness’ Rooms. Guests can stay in suites named for the nobility that owned or fought at the castle, since it’s construction during the 9th century. The castle has a rich history, functioning as a fortress, a prison and a boarding school before becoming a resort.
