The results are in: *Condé Nast Traveler* readers picked the top ten international airports outside the U.S in the 2016 Readers' Choice Awards. Most are in Asia and the Middle East, and come with enough amenities and time-wasters (we're talking indoor waterfalls in addition to great restaurants) that you might be a little late boarding that flight. Counting down...

9. Helsinki (HEL)

Finland's main airport is a popular connecting hub for fliers bound for eastern Europe and Russia, with some of the fastest transfer times of any European gateway. [Finnair's popular stopover program](#), with discounted hotel rates in Helsinki, is luring more transit fliers to spend a few days in [the burgeoning capital](#) between flights, too. Despite its relatively small size, serving just 17 million passengers a year, the airport offers fliers a variety of services, including saunas and spas at its premium lounges.
