## SKYLODGE ADVENTURE SUITES

Perched 1,200 feet up a cliff, halfway between [Urubamba](#) and Ollantaytambo, sits one of the most talked-about "extreme" lodgings to open in the past couple of years. Accommodations at [Skylodge Adventure Suites](#) (from \$340 per person) consist of two see-through, egg-shaped polycarbonate "pods" (a third is used by the guides) that you get to by either scaling a near-vertical [via ferrata](#) or hiking a zigzag route along a zip line. Once at the top, you're rewarded with sweeping condor's-eye views of the river and valley below, and a canopy of stars at night. A gourmet dinner, including wine, is included; in the morning, you take the zip line down.

**Insider Tip:** Consider arranging your trip to Peru through a tour company such as [Journeyou](#), because having a local, knowledgeable guide really adds richness and context to the experience.
