

International Races to Put on Your Bucket List

By ACTIVE.com

Looking for a challenge that is unlike any you'll find stateside? We found some of the coolest, weirdest and most unique cycling, running, triathlon and adventure races in the world. Get out your passport and register for these races today.

The Pioneer

Jan. 31-Feb. 6, 2016, Southern Alps, New Zealand

< 2 of 13 >

Taking place over seven days, the Pioneer takes mountain biking to the next level. The race winds through the most remote parts of New Zealand's Southern Alps, linking together over 500 kilometers of farm tracks and double and single track trails. The course encourages riders to "find character" while pushing their comfort zones. Each day finishes in a different host town where you will find plenty of kiwi hospitality for your hard-earned miles.
