## Cultural Immersion

By Kelly Rosenfeld  
4/1/2013

Learning Journeys, by Perillo Tours, has partnered with Ensemble Travel Group to offer educational private touring packages for families, combining adventure, culture and hands-on learning. Each itinerary includes a minimum of three themed experiences, plus a Freedom of Choice Experience, which provides the opportunity for travelers to choose a course based on their interests.

Sample itineraries include the 13-Day Italian Family Journey, Nine-Day Costa Rica Family Discovery, a 12-Day Greek Family Yacht Adventure, the 10-Day Arabian Family Adventure, an Eight-Day Kenya Family Safari Adventure and the 10-Day India Culture and Cubs program.

Tour courses range from two to four hours, providing a unique opportunity for families to broaden their horizons while immersing themselves in local culture and cuisine. [www.learningjourneys.com/family-journeys](http://www.learningjourneys.com/family-journeys)
