

## WINTER ADVENTURE IN SAGUENAY

Posted by luxebeat | Featured, Travel | 0 ● | ★★★★★

Winter is the perfect time for the kids to burn off their energy outdoors in Saguenay, Quebec. It's easy to get to, just 3 hours north of Quebec City or 2 hours' flight from New York. In aboriginal Innu language, Saguenay means "where the water flows out". The Saguenay region gives the kids an opportunity to practice their French and for the parents to indulge in French inspired cuisine. Some of the best winter activities in Saguenay include: snowmobiling, snowshoeing, dogsledding, ice skating and yes, petting wolves. The Canadian exchange rate works in our favor so you'll effectively enjoy a 30% discount on all activities and purchases.
