### **3. AC Hotel by Marriott Montréal Downtown**

**Location:** Montreal, Canada

**Number of Rooms:** 169

**Three Interesting Facts:** 1. Marriott's AC brand comes to Canada for the first time with this angular 169-room tower in the heart of Montreal's business-y downtown. The location is not the most charming or dynamic for tourists, but Old Montreal is a short walk away and there's a metro stop right down the street. 2. This property has all the hallmarks of the AC brand: tapas and Spanish wines on tap in the AC Lounge, free Wi-Fi and functional, stylish rooms with mini fridges, Nespresso machines, USB ports and glass showers. 3. Somewhat uncommon in Montreal, the AC has a full indoor swimming pool.
