The best way to show your mom you appreciate her is over a morning meal. But if you aren't up to cooking a six-course breakfast in bed, that's okay: there's still time to score the perfect reservation. OpenTable has done the dirty work for us, and have compiled a list of Canada's top 100 spots for quality time over mimosas and eggs.

"Mother's Day is our biggest group dining day of the year, and brunch, with its wide array of menu options and kid-friendly hours, is the meal that checks a lot of boxes for families gathering to celebrate the moms in their lives," said Caroline Potter, Chief Dining Officer at OpenTable. "We're thrilled to highlight the restaurants that are offering memorable daytime dining experiences for this special day – or any weekend day."

From downtown farm-to-table fare to vegan eats with a waterfront view, this list offers something every mom will enjoy. (And more importantly, we're pretty sure you'll enjoy it to.)
