

## More New Villas to Visit in St Barth

July 21st, 2016 | 7:12 pm

It's perhaps the best way to experience St Barth: staying in a villa.

And the island's leading villa management firm, St Barth Properties, has announced the addition of two new villas to their ever-expanding portfolio: Villa Shadowfax and Villa La Lune.

Villa Shadowfax is a three-bedroom property located in the area of Flamands, with views of the sea and, perhaps most importantly, close proximity to popular bakery La Petite Colombe.

The two-bedroom Villa La Lune is located in Pointe Milou, with a three-sided vista of the sea and even better views of sunset.

The property includes a solar-heated pool, an open cabana and a lower-level gazebo, among other amenities.
