Finnair to launch service to Chongqing in 2012

By Felicity Long

Finnair will debut a direct route from Helsinki, Finland, to Chongqing, China, in May. Finnair is the first airline to open a direct flight route from Europe to the Chinese city.

"China is a key part of our Europe-Asia strategy. Western China is an important growth area, and the new route will strengthen our market share in the growing Asian markets. In addition to Chongqing, Finnair flies to Beijing, Shanghai and to Hong Kong with a total of 26 weekly flights," said Mika Vehvilainen, president and CEO of Finnair.
